

## **Disclosure Information**

### **Syphilis Testing and Diagnosis Virtual Coffee Break – Virtual Coffee Break**

Provided by the University of Missouri-Kansas City School of Nursing and Health Studies  
Jointly Provided by the Clinical Training Center for Sexual Reproductive Health

#### **Description:**

This brief learning session offers healthcare providers foundational knowledge and actionable strategies for syphilis screening and prevention. It is intended for Title X program clinical providers (MD/NP/PA/CNM), nurses, and other staff who may screen, test, and counsel clients for syphilis. This module discusses syphilis testing and diagnosis, with an emphasis on point-of-care (POC) testing. It highlights when to use POC testing versus traditional laboratory-based methods and outlines key considerations for implementation.

#### **Objectives:**

- Differentiate between syphilis POC tests and laboratory-based treponemal and non-treponemal syphilis tests.
- Identify clinical scenarios where syphilis POC testing is appropriate and beneficial.
- Understand traditional versus reverse syphilis testing algorithms and their benefits and risks of each.
- Outline key considerations for implementing syphilis POC testing, including workflow, training, and follow-up procedures.

#### **Successful Completion:**

To receive contact hours, participants must complete the activity as well as complete the online evaluation and request for credit form. CNE, CME and Certificates of Completion will be emailed 4 – 6 weeks after submission of the online evaluation/request for credit form.

#### **Relevant Financial Relationships:**

In accordance with continuing education guidelines, the contributing presenters/trainers/authors and planning committee members have disclosed potential relevant financial relationships with ineligible companies. Ineligible companies are those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

Subject Matter Experts: Kristin Metcalf-Wilson, DNP, WHNP-BC serves on the advisory board for Afaxys Pharmaceuticals and is a Nexplanon trainer for Organon. Tammy Bennett, DNP, WHNP-BC, is a Nexplanon trainer for Organon.

Planning Committee: Denise Raybon, Sharon Colbert and Angela Bolen have no relevant financial relationships with ineligible companies to disclose. Kristin Metcalf-Wilson, DNP, WHNP-BC serves on the advisory board for Afaxys Pharmaceuticals and is a Nexplanon trainer for Organon.

All relevant financial relationships listed for these individuals have been mitigated.

#### **Commercial Support/ Sponsorship:**

None.

**Funding Acknowledgement**

The Clinical Training Center for Sexual and Reproductive Health is funded by DHHS grant number FPTPA00603. This activity is intended for informational purposes and does not constitute legal or medical advice or endorsement of a specific product.
